INGTON THEATRE

Hell" Will Be Shown at Every

St. Louisans will get a chance to see "Hell Fighters Back," from one of the most heroic and Nearest to a record an entire German raiding squad. Johnson and other winners of the Croix de Guerre will be shown in "Hell Fighters Back," a new and unique picture of the 38th and 37th regiments, at the Booker Washington Theatre. The picture, which was recently screened by Mr. Charles Turpin from the several weeklies that have been released recently, it contains all the scenes of the war, including the brave colored regiments. It will show 1,000 men of the 38th, who were captured at the base, and in the Forest of Brois. There are scenes of intense interest and gas masks. In the 37th new Captain Warren, Lieutenant Warren, Lieutenant Collier, Captain Smith and others. Captain Smith and his men captured a town from a German regiment. The picture will be shown at the Booker Washington for one week beginning Monday. It has not been shown in a complete arrangement before, and should be seen with the weeklies now on the screen.

THIS WEEK AT THE BOOKER

WASHINGTON THEATRE.

The Davis and Bailey Fox Makers, in their second week of the Booker Washington Pictures, have a large, musical, musical comedy.

The play has been weakened in the effort to make it generally applicable instead of the more specific scenes of the war in Belgium.

This does not deprecate the value of the show as an entertainer, but it is for the first time, and never in the history of the stage, that a style which characterized their last week's appearance, Miss Bailey appears in a light and gay comedy, starring artistes. Mr. Davis as "The Merchant of the Month," the local political ward healer, is equal to the task of keeping the audience interested in a little bit of music and dance. The ensemble stage shows Sunday night.

THIS WEEK

The pictures for next week had not been booked when this column was closed. The bill will be found in the regular advertisement at the top of this page.

THEODA BARA IN SALOME.

Says Theda Bara, heroine of the
spectacular "Salome," at the Comet
Theatre Saturday and Sunday, March
8 and 9.

"Salome" was a child of nature,
and the most primitive legal court
of her time. Her malevolent
heart reached out for John the Baptist,
the only good man she had ever
seen. She was a scoundrel, a
scourge of sinners and more the
helper and healer—had he prayed for
her and not denounced her—this wild
and wanton girl was good of her people. Instead,
she brought the Baptist to his death and
then never used the spiked shields
of Roman soldiers."

She is a real messiah who
has given the Olympia a following of
picture fans which means crowded
houses every day. Any time between
10 a. m. and 11 p. m. you can see a big show at this theatre.

the making of stoves and light
fixtures.

One hundred seafarers worked for
a month on the various sets.

WHO'S RESPONSIBLE?

Much newspaper space is being devoted to the subject of the deportation of some forty or fifty aliens who have just been sent from the far west to the far east of this country, in the custody of United States officers to be deported to their country as "undesirables" in this country. The power of this Government was invoked upon these aliens because they were found to be leaders of a propaganda which, if successful, would overthrow the Government. These "undesirables" are not confined to any particular group, but among their following may be found almost every class of alien in this country which represents about twenty-eight nationalities.¹ Many of them have been in this country for years, but they have never become citizens of this Republic. They have neither desire nor inclination to become citizens, for that was not their purpose in coming here. Who is responsible for their power and influence? Why such an alarm over some forty or fifty aliens in America? America, what is your answer? We have allowed the aliens, who, for the most part, are the most ignorant of the other countries, to come to these shores, and the officials have accepted the color of their skin as a guarantee of good citizenship. They have been taken to our factories and our natural industries and given preference of a class of our own citizens to work and draw the best wages. The discrimination in their favor has helped them in many ways. The large salaries paid them have been hoarded and sent back to their native lands. The opportunity given them in our industries has been used to spread their propaganda. And now it comes that the Government itself is becoming alarmed at their power and influence.

We have no fears to shed, because these aliens have abused the privileges thrust upon them on their arrival, in this country. But we are rather pleased to have them show their real souls. We feel like lamenting the fact that the men and women of our race, true and loyal, one-hundred per cent Americans, are forced back by the monster race prejudice, and the aliens are received with outstretched arms and forced into best and most lucrative positions.

Our fathers gave over two hundred and forty years of unequalled toll, giving their very life blood to build this nation. Their sons are contributing annually millions for the advancement of a popular government. In every art and science we have rolled up our sleeves, stood with a keen eye, and grasped every opportunity given us. We have contributed to every art, science or industry which the people of this nation enjoy. We have no home across the busy deep awaiting our return, then why should the alien, the enemy alien, if you please, be allowed to come here and become the beneficiaries of our labor while we ourselves are forced into inferior or inferior positions just because of our color?

Speaking of the Government's move to rid this country of the "undesirables" The Seattle, Wash Times says, "This is a country of Americans, by Americans and for Americans."² If that is true, the American Negro has the first claim.

KU KLUX KLAN IN MISSOURI

According to press reports from St. Joe, Mo., a white man, A. M. Lawrence, has brought suit against about two dozen of his neighbors charging that a secret Klan is organized among them, and that he had been a victim of their alliance. He charges that the gang came to his home, administered a severe beating and hanged him to a tree until he was unconscious. The Klansmen agreed to one hundred thousand dollars.

It will be remembered that the Ku Klux Klan was organized to terrify, beat and assault the Negro. We are glad that the white man is getting a dose of his own medicine. We have no doubt but that the same A. M. Lawrence was a member of the Klan, but thought only Negroes would be the victims. If he was not an active member of the Klan, he was a member by silence. Like many other forms of lawlessness that are rife in this country, the so-called "better class" of white people aids the promoters of these crimes by indifference or silence, thus they have become a party to these crimes.

The promoters of these lawless acts are, as a rule, ignorant and unscrupulous. Like the snake, as soon as they gather enough strength, they will bite any one. And in many cases, they strike the hand that fed them.

Many forms of lawlessness are breaking out in many sections of this country today. The officials whose duty it is to preserve law and order are cowards or indifferent. We hereby warn such officials and all good citizens to rise in righteous indignation and put a stop to these secret clans, lawlessness, and other forms of undemocratic practices.

NEW EXPERT SERVICE AT THE ARGUS LAUNDRY CO.

The management of the Argus Laundry announces that they have recently added a new service to their system and can now give the very best satisfaction in all laundry work. Owing to the trouble and expense of keeping laundry men during the war the company acknowledges the fact that the best laundry service we often need to be had is not to be had. This new service is a great convenience and should be guaranteed.

Our laundry has also a new service, "Pressing." This

service is a great service. "Pressing" does not mean the mental growth of your children by "stealing" them from a real mother. It means that the mother is the greatest artist, comedienne, singer, violinist and orchestra into the home of an imitation in its possibilities of pleasure, amazement and education.

No matter which garment you choose, the laundry is a home for all.

There should be a place where

the music is guaranteed.
